

UWHG LIBRARY CATALOGUE

The lay-out here is intended to facilitate browsing. Items are listed in categories, working outwards geographically: first our Upper Wharfedale area, then Yorkshire and the north, then Great Britain as a whole, then the rest of the world. Within each of those zones, material relating to individual sites is listed first, then general history, place-name studies, archaeology and finally landscape history.

If you already know what you're looking for, you can use the word-search facility to see if we have it (control f).

To see or borrow any of these items, please contact John Street: john@streetfam.co.uk, or 01756 792975.
